

LEGION PLANS ARMISTICE DAY PROGRAM HERE

Plans for the annual meeting of the Last Man's club and the speaker for the annual Armistice Day program were announced Monday evening at the regular meeting of the Lentz post of the American Legion.

Judge W. C. Sheely will be the speaker Friday evening at 7 o'clock at the Last Man's club banquet to be held at the West Gettysburg inn, while the Rev. Nevil Smith, Hanover, will be the speaker at the Armistice Day program to be held at 11 o'clock on Friday morning, November 8, at the high school auditorium. Members of the Legion were urged to attend the high school session.

Donald Baker, Earl Lingg and Ralph Johnson were named as an athletic committee for the Legion, with the group's first work to arrange for the basketball team entered into the county league. Plans for a baseball and a softball team next spring were also discussed.

\$500 Athletic Fund

William Timmins, Sr., reported that the bowling alleys for the Legion home have arrived. The organization directed the adjutant to send letters of thanks to the Rev. Fr. Mark E. Stock and Mrs. Clayton Hoke for donating storage space to the Legion for the placing of articles to be used in the reconstruction of the post home.

Wilbur A. Geiselman, Arthur W. Warman, Sr. and Clifford Harman were named as a committee to determine which of the members of the local post are amputees with the post planning to give life membership to all members who lost limbs during World War II.

A \$500 fund was set aside for use of the Athletic committee for the purchase of uniforms and other equipment. The amount, which is to last for the entire year, will include not only the expenses of the basketball team but of other teams organized by the Legion, the members decided.

Vote \$5 To Library

The Legion agreed to furnish a color guard for the parade November 19 in connection with the Lincoln Fellowship program here honoring Lincoln. The members were also urged to march in the parade.

Dorsey Robert, H. W. Baker and William Conover were named to attend the organization of the Gettysburg Improvement association to be held Thursday evening at 8:30 o'clock at the Court House.

A \$5 organization membership in the Adams County Free Library was voted.

In the absence of Commander Edward Culp, First Vice Commander Glenn Raffensperger presided. About 100 attended.

RENEW BIBLE CLASSES FOR SCHOOL PUPILS

Classes in weekday religious education for the pupils of the elementary grades of the Arendtsville public school will begin Thursday afternoon of this week at 2:45 in the Sunday school rooms of Trinity Lutheran church.

Approval has been given by the Arendtsville borough school board to the plan whereby all elementary grade pupils, whose parents have given written consent, will be excused from school each Thursday afternoon from 2:45 to 3:30 to attend these classes. Eighty per cent of the pupils will attend.

Pupils whose parents have not given their consent will remain at school.

The classes have been arranged as follows. Grade one will be in charge of Mrs. Lloyd Garretson; Grade two (Please Turn to Page 2)

GIVEN DISCHARGE

Pfc. Ralph E. Hardman, Fairfield, has been discharged from the United States Army at Fort George G. Meade, Md., according to the Fort Meade Public Relations office.

RICES CAST EARLY VOTE

Colonel John S. Rice, Democratic candidate for governor, cast his ballot in the Second Ward precinct at 8:15 o'clock this morning. Mrs. Rice cast her ballot, number 43, at the same time. The Colonel's ballot was number 44.

A small group of voters greeted the Colonel and his wife when they arrived at the polling place. Photographers took pictures of the couple outside and inside the voting place. They were for news photo syndicates and the plates were rushed to Philadelphia by plane from the Gettysburg Airport. Leon Witzelman, airport manager, was at the controls. The plane was made available by Richard Bircher, airport owner.

When Colonel Rice deposited his ballot in the box he laughingly remarked:

"There isn't any question as to how this vote was cast is there?"

The gubernatorial candidate said he would spend the rest of the day at his office in Biglerville and receive election returns this evening at his home on West Broadway.

PAUL L. EVANS WINS SKIRMISH AGAINST O.P.A.

Paul L. Evans, York street grocer and a veteran of navy service, has won his most recent skirmish with the OPA.

When Evans resumed his civilian pursuits in his grocery store and meat market, he was informed that he had violated some OPA regulation and ordered to report in Philadelphia for a hearing.

Twice Evans reported to the Philadelphia OPA office as directed only to be informed that the Commissioner was "out of his office." When Evans was ordered to report a third time he informed the OPA that he was unable to appear.

He then received a telegram stating: "If you give no satisfactory explanation for your failure to appear for hearing we will ask hearing commissioner for order suspending your slaughtering." The telegram was signed by Walter N. Moldawer, chief of the OPA at Philadelphia.

Concluding Action

Recently Evans received a letter from Moldawer stating, "We are enclosing certified copy of Determination order entered by an acting Hearing commissioner of Region II of the Office of Price Administration."

"You will observe by its terms that no Suspension order has been issued in this case due to the revocation of Control Order 2 on October 15, 1946. Consequently, it does not affect your slaughtering operations subsequent to that date. It does, however, present a basis for a certification of your violation of Control Order 2 while it was in force. Such certification may lead to withholding of subsidy payments to you for the period which the violation occurred."

Evans said he has never applied for subsidy payments.

HELD AS DISORDERLY

Paul Hawn, 255 Chambersburg street, was in jail today awaiting a hearing on a disorderly conduct charge, following his arrest by borough police at 2:45 a. m. today at Mitchell's restaurant. The charge was filed with Justice of the Peace Robert P. Snyder. Hawn was charged with making a disturbance at the restaurant, police said.

Captain White, Native Of County, War Prisoner In 1814, Lost Sheriff's Race

The War of 1812, which involved Adams county and many of its residents just as surely, and for some, disastrously, as the much earlier Indian raids and later the Revolutionary War, consisted, so far as Adams county participation was evidently involved, in two main campaigns, one, burning of Washington and the defense of Baltimore, and the raising of militia here for the campaign against the British in Canada almost two years later.

Early in 1811 rumors of another war with Great Britain began to circulate among the people of Adams county. These rumors were vague and indefinite at first, but became reality when the government declared war on June 18, 1812. On June 3, 1812, the Adams county militia were ordered to hold themselves in readiness to march at a moment's notice. In August, 1812, General James Gettys appointed James McSherry brigade major and

KIDDIES LIKE STAGE SHOW; NEXT ON JAN. 8

A large crowd, mostly school children, enjoyed the Clare Tree Major players stage production, "The Secret Garden," presented in the Majestic theatre Monday afternoon. The play was sponsored by the Woman's club of Gettysburg for the benefit of the club's Sister Kenny Infantile Paralysis fund.

The play was one of the best presented here by the touring players and the youngsters roundly applauded the presentation.

Members of the cast said that Monday afternoon's audience was "the best we have ever played before and we congratulate the children of Gettysburg upon their behavior and their generous response to our efforts."

A spokesman for the Woman's club was loud in her praise of the behavior of the youngsters.

"The youngsters were simply marvelous," she said. "They were most attentive throughout the play and appeared to enjoy it more than any previous production. Not once during the entire play did they interrupt the cast, except to applaud. Their behavior was excellent."

Next Play Jan. 8

On January 8 the Woman's club will present another Clare Tree Major stage production in the Majestic theatre at 4 p. m. for the children. It will be "Hans Brinker and the Silver Skates."

Further details of the production and the children's benefit to which the proceeds will be devoted will be announced later.

PLAN SPECIAL SERVICES FOR COUNTY CHURCH

Although no definite date has been set as yet Paradise Catholic church, between Abbottstown and East Berlin, is planning to conduct a commemorative service and homecoming upon the completion of repairs to the edifice erected in 1843.

The church was built on land donated by Frederick and Magdalena Brandt who resided on the property and who made themselves parish charges for the remainder of their lives in order to establish the church. Before the founding Catholics of the Abbottstown-East Berlin area were obliged to travel to Conewago Chapel near Hanover for services.

The Paradise church has not been in a condition for use since early in World War II because of the inability to secure materials and labor.

Now Use Chapel

Rev. Fr. Chester Loszewski, who assumed his pastorate last summer after service in the Army Chaplain Corps, is making a particular effort to have the work completed as soon as possible, meanwhile conducting services in the chapel of the nearby Paradise Rectory of which he is also chaplain.

The annual Forty Hours Devotion of the parish, usually conducted during the late summer, was postponed this year pending completion of church repairs.

Father Loszewski has requested parishioners and their friends to supply him with a complete list of names and addresses of former parishioners and the descendants of early parishioners in order that they may all receive invitations to the planned homecoming.

MISS MCGUIGAN EXPIRES TODAY

Miss Annie C. McGuigan, 80, died at her home, 1 Buford avenue, this morning at 5:30 o'clock following a ten days' illness after she suffered a stroke.

A daughter of the late David E. and Helen (Tate) McGuigan, she was a life-long resident of Gettysburg and for a number of years was a dressmaker here. For over five years she operated a small candy store on Buford avenue.

Surviving are the following brothers and sisters: Mrs. Maurice McCullough, Gettysburg; Mrs. Helen Swisher, Gettysburg; Robert E. McGuigan, 1 Buford avenue; and William A. McGuigan, York.

Funeral services Thursday afternoon at 2 o'clock at the Bender funeral home, with the Rev. Howard S. Fox officiating. Interment in Evergreen cemetery.

Friends may call Wednesday evening after 7 o'clock at the funeral home.

FREED ON BAIL

Lloyd McGlaughlin, 46, of Chambersburg street, who pleaded guilty before Justice of the Peace John H. Baschore Monday to a charge of disorderly conduct and was held for court on surety of the peace and non-support charges, was released Monday afternoon upon payment of \$10 and costs on the disorderly conduct charge. He furnished bail of \$500 each on the other two charges.

Our Vanishing Freedom

By LEIGHTON C. TAYLOR

We Americans, with respect to the administration of our public affairs, are a patient and long-suffering people. To put it more bluntly, we are gluttons for punishment. There always comes a time, however, when patience and forbearance cease to be a virtue, and we then begin to take stock, as it were, in order to determine whether we still have a government of the people, for the people, and by the people: whether we can still say with Francis Scott Key that ours is the land of the FREE and the home of the brave.

In the writer's opinion we are now at the saturation point of a "long-suffering" period in our national life, and the man in the street is beginning to ask whether there isn't something radically wrong with our liberty-loving free America. It is commencing to dawn upon him that that spirit of freedom which animated the founding fathers, and which we have learned to cherish and defend for 150 years, is sadly missing at this juncture.

GHS Students Give Majorities To GOP Slate

With considerable ticket-cutting in evidence, Gettysburg high school students gave Republican candidates a majority in a straw election conducted at the school this morning. Of the 536 students who voted, 238 cast straight Republican ballots and 184 voted straight Democratic.

The results follow:

U. S. Senator — Guffey, 222, and Martin, 312.

Governor — Rice, 261, and Duff, 272.

Lieutenant Governor — Dent, 222, and Strickler, 304.

Secretary of Internal Affairs — Schmid, 233, and Livengood, 285.

Congress — Brehm, 258, and Gross, 298.

General Assembly — Luca-baugh, 228, and Worley, 308.

IMPROVEMENT GROUP MEETS ON THURSDAY

In addition to those to whom invitations were sent, everyone in Gettysburg who is interested in civic improvement is invited to attend the organization meeting of the Gettysburg Improvement Association to be held Thursday evening at 8:30 o'clock at the court house, Mrs. Frances I. Plank, acting chairman announced today.

While invitations were sent to all organizations and a number of individuals who had previously expressed interest in the project, Mrs. Plank pointed out that quite a large number of others are also interested, and urged them to come. "Only through the interest and cooperation of everyone in Gettysburg can the improvement association be a success," she added.

Cite Other Activities

Activities of similar committees and organizations in other communities will be outlined at the session. Mrs. Ellen Tipton Buehler is scheduled to tell of the work of the Ardmore Tree commission while Murray B. Frazee is to report on the activities of civic improvement organizations in other communities.

William G. Weaver, former army colonel and now operating the Jennie Wade Museum, is scheduled to expand on a number of ideas expressed in a recent article in The Gettysburg Times.

Due to the interest already shown by individuals and organizations in response to the letters sent out, the meeting will probably be large and representative of the community, Mrs. Plank added.

VOTE HEAVIER THAN IN 1942

Up to 1 o'clock this afternoon, 184 more voters had gone to the four polling places in Gettysburg than voted up to that same hour in the last gubernatorial election in 1942. The 1 o'clock tabulation totalled 598 four years ago, compared with 782 voters who had cast their ballots by 1 o'clock today.

The first ward, first precinct total today was 174; second precinct, 162; second ward, 261 and third ward, 185. Four years ago the vote at the same hour was 134, 126, 193 and 145 in the respective districts.

The morning hours of Election Day today were the quietest in several years, the county board of elections office in the court house said today. (Clarence C. Smith, chief (Please turn to Page 2)

BOROUGH PAYS \$600 FOR TWO MOTOR PUMPERS

The two motor pumpers allotted by the government to Gettysburg during the war as a civilian protection measure will be purchased by the borough for \$600, instead of the formerly quoted price of slightly over \$1,000, Borough Councilman L. D. Shearer reported at Monday night's council meeting in the engine house. The helmets, also a wartime "loan" from the government, have been donated to the borough, he said.

Council was notified by the Chamber of Commerce that the Christmas lights and decorations will be placed on the business streets and around the square again this year, and voted to pay the electric bill, as it has done in the past. It is expected the lights will be turned on December 1.

Decorate For Fete

Council also directed Borough Engineer LeRoy H. Winebrenner to place the flag decorations for the Pennsylvania Lincoln Fellowship observance of the 83rd anniversary of Lincoln's Gettysburg Address on November 19, following receipt of a letter requesting that the streets be decorated for this affair.

Winebrenner reported that the curbs on Center Square and sidewalk repairs had been completed, as well as the cutting back of the corners at the high school and at Lincoln avenue and Carlisle street. He also reported that he had had 12 street signs repaired which had been damaged by Halloween pranks.

The borough engineer reported the bridges on Buford and Springs avenues were in bad condition, and was authorized by council to make repairs.

At the request of the Gettysburg Improvement association, Council President R. M. Hoffman named Councilmen W. J. Stallman and H. L. Oyler, and Borough Engineer Winebrenner to represent the borough at (Please turn to Page 2)

LOCAL POLICE ARREST 54 ON VARIOUS COUNTS

Borough police made 54 arrests during October, according to the monthly report of Chief Robert C. Harpster, submitted to borough council Monday night. Twenty-two were for drunk and disorderly conduct, 14 for motor violations, three for misdemeanors and 14 for double parking, the report said.

One automobile was reported stolen during the month. There were five accidents, with damage estimated at \$435. Seven bicycles were stolen, and five recovered. Minor complaints investigated numbered 243.

Burgess C. A. Helges reported \$94 collected in fines, \$89 for meter violations and \$5 for parking opposite red lines. Other receipts shown by the Burgess were: building permits, \$71; sewer permits, \$2.25; theatre tax, \$769.09; three guide permits, \$3; four garbage collector permits, \$75; two roller permits, \$8. The total was \$1,023.34.

The report of the borough treasurer, John H. Baschore, showed receipts for the month of \$4,094.12, of which \$1,650.64 was from parking meters. Expenditures were \$9,779.76.

Money collections were: Center Square, \$400.97; Chambersburg street, \$402.17; Baltimore street, \$389.98; York street, \$278.39; Carlisle street, \$179.13.

Native Who Heard Lincoln Dies At 99

The Rev. N. J. Lott, 99, who witnessed the battle of Gettysburg and heard Lincoln when he spoke here, died October 22 at his home at McPherson, Kansas, according to word received by relatives here.

The Rev. Mr. Lott was born three miles west of Gettysburg, a son of Jacob and Ann Stallsmith Lott. While a youth he witnessed the battle and heard Lincoln speak. Later he enlisted in the 67th Pennsylvania Volunteers. He was one of the three surviving Civil War veterans in Kansas.

Woman's Club To Organize Chorus

The first meeting and rehearsal of the Gettysburg Woman's club chorus will be held next Monday at 8 o'clock at the YWCA building. Richard B. Shade, supervisor of music in the Gettysburg public schools, will be the director.

A spokesman for the new group today invited all interested members of the club to report for the chorus-organization meeting.

SCHOOLS WILL MARK NOV. 19TH

Tuesday, November 19, today was officially designated as "Dedication Day" in the public schools of Adams county, by authority of County Superintendent of Schools J. Floyd Slaybaugh.

The date will mark the 83rd anniversary of the delivery of the "Gettysburg Address" by President Abraham Lincoln upon the dedication of the national cemetery here in 1863. It is to be observed with a parade and a program at the cemetery, being arranged by a committee of the Pennsylvania Lincoln Fellowship.

In a proclamation issued by Superintendent Slaybaugh to all school teachers in the county today, the superintendent urged that exercises be held in the schools, and that the "Gettysburg Address" be read in school assemblies. The proclamation said:

"In accordance with the resolution made by the Senate and House of Representatives of the U. S. Government, we herein designate that Tuesday, November 19, be set aside in our calendar of special events as 'Dedication Day.'"

"In carrying out this resolution, we urge every teacher and principal to have some dedicatory exercises celebrating this event of Lincoln's Gettysburg speech, and that the entire speech be read in school assemblies."

DR. TEETER, 64, DIES ON SUNDAY

Dr. Edmund H. Teeter, 64, physician and surgeon in Jacksonville, Fla., for 27 years, died at 4 p. m. Sunday in the Chambersburg hospital, after an illness of three weeks. He was a brother of the late John S. Teeter, Taneytown, Md., and an uncle of John D. and Daniel E. Teeter of Gettysburg.

Dr. Teeter and his wife and son had been making their home at Caledonia this past summer at Casaloma, the former Charles T. Ziegler home there, which they purchased recently. The son, Edmund H. Teeter, Jr., is a student at Gettysburg college.

Dr. Teeter was a member of the Episcopal church of the Good Shepherd, past commander of the Edmund D. Desser post, American Legion, Blue Lodge, Commandery Knights Templar, and the Shrine, of Jacksonville. He was a fellow of the American College of Surgeons, a member of the Duval County Medical society, the Jacksonville Exchange club, and graduated from the University of Maryland medical school in 1910. He was born at Mt. Morris, Ill. Besides his wife, Mrs. Bertha H. Teeter, and his son, he leaves a sister, Mrs. Maude O. Barco, Tallahassee, Fla., and a number of nieces and nephews. Private funeral services will be held at Jacksonville.

A meeting of the association at the court house November 7 at 8 p. m. Buy Typewriter

The property committee was given authority to purchase a new typewriter for the use of the borough and police. The one now being used is rented.

A letter from the Adams county chapter of the Red Cross, suggesting police protection at Baltimore and High streets for children attending the High street school, was read. Burgess C. A. Heiges reported that borough police, with the co-operation of the school authorities and parents, had organized a school safety patrol which was teaching safety in the schools, and had equipped members with badges and belts for directing school traffic at the street intersections.

Miss Margaret McMillan, executive secretary, who signed the Red Cross letter, cited a near-accident at Baltimore and High streets and suggested that police protection be provided on school days at 11:30 a. m. and 3 p. m. She also asked that safety lines be painted. Borough Engineer Winebrenner, who had previously reported that he was unable to obtain paint, told council Monday night he expected to get paint in about three weeks.

C. L. Butt, new member of the council from the third ward who was named to fill the vacancy caused by the resignation of Councilman Joseph D. Kendeheart, took his seat for the first time. He was given Kendeheart's committee assignments, chairman of the utility committee and member of the ordinance and highway committees.

BABY SITTERS

ARMISTICE DAY SURVEY IS MADE

The directors of the Chamber of Commerce, at their November meeting Monday night in the office in the Kadel building, voted to buy six student tickets for the Gettysburg concert series. The tickets, as in other years, will be given to the music department at the high school for awarding to students.

No decision was reached Monday night on closing the stores on Armistice Day, November 11. Mrs. Robert P. Snyder, secretary, was making a survey of the stores today to learn sentiment on the closing. Forty-three closed last year. If a sufficient number signify that they will close this year, the closing will be adopted for ensuing years, the secretary said.

Collections from merchants and others are also under way for the Christmas lighting fund. More money will be needed this year because it will be necessary to replace considerable wiring and other materials cost more, Mrs. Snyder said.

Interment in Mt. Olivet cemetery, Hanover.

GOP CONFIDENT OVER OUTCOME OF BALLOTING

(By The Associated Press)

In the first peacetime general election in six years, millions of Americans register their reaction today to nearly 15 months of government efforts to reorganize the nation from war to peace.

On that prime issue, Republicans confidently predicted the Democrats would be swept out of power in Congress, where they have held the upper hand in both houses since 1932.

Democrats, generally fighting a defensive battle against GOP assaults on their handling of reconversion problems, conceded they may suffer some losses. But they contended they will keep the legislative machinery in their grasp. They apparently were more confident, however, of retaining Senate control than of holding the House in line.

Divided Congress?

At stake in the election expected to bring out more than 35,000,000 citizens in weather forecast as fair and cool generally, although rainy in the south and snowy in the Rockies, are 35 Senate places, 432 House seats and 33 governorships.

The Republicans need a net gain of 10 seats to win control of the Senate and 26 to take over the House. The Democrats could lose seven in the Senate and 17 in the House and still hold the legislative whip hand.

The possibility of a divided Congress, with the GOP winning the House and the Democrats keeping the Senate, already had started Washington's rumor factory talking of the possibility of a special session call immediately after the election.

"Lame Duck" Unlikely

But one dependable Democratic official, who asked not to be quoted by name, said President Truman has given no intimation of any such plan.

This office holder said Republicans undoubtedly would be able to block any administration-sponsored legislation in such a lame duck session. And he noted that there are no highly controversial nominations pending on which the President might want the present Senate to act.

The official added that there has been no recent discussion of possible cabinet changes, although there are reports that Robert E. Hannegan may quit as Democratic National chairman next winter should the election results prove severely adverse to his party. Hannegan is expected by all concerned to remain as postmaster general.

President Truman and his family arranged to vote in their home town of Independence, Mo., after which Mr. Truman planned to board his train to return to Washington.

Those discharged include Mrs. Donald Coover, Littlestown; Mrs. Raymond Riffe, Littlestown, and Mrs. Rose Overholzer, Taneytown, Md.

It's Tough On Omaha Voters

Omaha, Nov. 5 (AP)—Voting in Omaha today was like curling up with a good book.

Voters were handed a 13-foot ballot containing 26,000 words—half the length of the average novel.

Most of the 57 questions pertain to a proposed \$15,000,000 city-wide improvement plan.

The unwieldy ballot was expected to slow up both voting and counting of votes. Mayor Charles W. Leeman appealed to citizens to make up their minds beforehand to avoid congestion at the polls.

in the capital involved representatives of the striking pilots and the TWA who renewed efforts to draft an arbitration agreement which would end the walkout.

Lake Success, N. Y., Nov. 5 (AP)—The United States and Great Britain were reported confident today that they will be able to head off a reported Russian move which might block creation of the United Nations trusteeship council at the present session of the general assembly.

Bombay, Nov. 5 (AP)—Scattered communal clashes developed today during the Moslem celebration of Bakr Id, for which cattle—sacred to Hindus—were sacrificed in mosques. Two persons were killed and three injured in Howrah, on the western bank of the Hooghly river opposite Calcutta.

NEED CAREER POLITICIANS

Bryn Mawr, Pa., Nov. 5 (AP)—Senator J. William Fulbright (D-Ark.) says the United States can not survive as a self-governing democracy in competition with progressive political systems unless the nation gets a higher type of official.

The Senator was the principal speaker at a dinner last night launching Bryn Mawr college's drive for a \$2,000,000 fund.

"Never since the dark ages," Fulbright said, "has the concept and the dignity of the individual man been so dangerously threatened with extinction as it is today."

The senator, who is a former president of the University of Arkansas, said "people feel they want their children to work for a living rather than enter politics."

But until such time as "intelligent young men and women" make a career of politics, he said, "this self-governing democracy will continue to be governed by the most mediocre talent that we produce."

The Democratic senator from Arkansas said too much emphasis has been placed on "practical" instruction.

"It is evident," Fulbright said, "from the circumstances which confront us today that such practical instruction is not adequate for the promotion or even the survival of our democratic civilization."

The Charles A. Stafford and the Marine Robin are scheduled to arrive at New York today with 645 patients and 2,234 troops, respectively, from Bremerhaven.

No other troop carriers are scheduled to dock at other U. S. ports.

Will Show Films At Foursquare Church

DR. HAROLD CHALFANT

The Rev. Dr. Harold Chalfant, supervisor of Foreign Missions and director of the Young People for the International Church of the Foursquare Gospel, will speak at the Pen-Mar District Crusader youth rally at the Foursquare gospel church, 328 West Middle street, Wednesday evening at 7:30 o'clock.

Dr. Chalfant will show over 1,000 feet of colored motion pictures which include the various activities of the International church in the home land as well as in the mission field. Dr. Chalfant has covered approximately 60,000 miles in the interest of Foreign Missions in the last six years, visiting Mexico, Central and South America, and Puerto Rico. On his last trip he contracted leper colonies at Palo, Seco, Panama Canal, Rio Pedros at Puerto Rico and the leprosanarium at Carville, La. He will present first hand information regarding leprosy.

Eighth GOP Try At Congress Lead

Washington, Nov. 5 (AP)—Today's election marks the eighth consecutive effort by the Republicans to regain control of the House of Representatives which they lost to the Democrats in 1931.

The 1930 election whittled the Republican holdings to such a narrow margin that deaths and other vacancies prevented them from organizing the house in 1931, although they elected a majority in 1930.

In 1932, when Franklin D. Roosevelt swept into office, Republicans lost 97 House seats, and in the 1936 election their house holdings dropped to a low of 89 seats.

The GOP started on the comeback trail in 1938, picking up 80 seats. In 1942 they boosted their holdings to 269, only 13 less than the Democrats. They lost 19 seats two years ago, when the Roosevelt team again headed the Democratic ticket.

Says Non-Stop Blimp Flight Not A Stunt

Washington, Nov. 5 (AP)—Rear Admiral Thomas G. W. Settle, chief of naval airship training and experimentation at Lakehurst, N. J., told a news conference the seven-day non-stop flight by a navy blimp was "by no means a stunt" and could have continued for another 12 to 24 hours.

The blimp, the TM-1, landed at Glyncro, Ga., yesterday after 170.3 hours in the air—the longest recorded flight by an airship without refueling. It had taken off from Lakehurst on October 27.

EXPANSION PROGRAM

Philadelphia, Nov. 5 (AP)—The Philadelphia Electric Co. plans to finance a \$60,000,000 improvement and expansion program through sale of bonds and preferred stock. The management announced the undertaking and called a special meeting of common stockholders for December 3, to approve the new financing. The construction program is the largest undertaken by the company since completion of the Conowingo hydro-electric project in 1926-28.

New York, Nov. 5 (AP)—The newspaper PM announces it will begin accepting paid advertising, a move followed by the resignation of its editor, Ralph Ingersoll, because of the switch in policy after six years. Marshall Field, president and publisher, in announcing the change, said that John E. Lewis, now managing editor, would succeed Ingersoll.

PENN APOLOGY FOR AFTERMATH SENT PRINCETON

Philadelphia, Nov. 5 (AP)—The University of Pennsylvania formally apologized to Princeton University for the disturbance last Saturday on Franklin field after the Penn-Princeton football game when mounted and foot policemen were used to quell a demonstration but said "at no time did they request the assignment of police."

Following Saturday's game in which the Tigers upset George Munn's Red and Blue team 17 to 14, hundreds of the 72,000 spectators rushed on the field and upended goal posts while police tried to hold back the crowds.

One person was treated for injuries and one Penn and two Princeton students were held for the grand jury in \$300 bail each on charges of inciting to riot.

Incident Regretted

In Penn's formal statement, issued last night, Dr. George McClelland, president of the university, said the school "offers its sincere apologies to Princeton university x x x and regrets exceedingly the unfortunate incident x x x."

The statement added that "just before the game started and before anyone could know its outcome, police authorities told the officials of the University of Pennsylvania that they had independent and reliable information that serious trouble was expected at the end of game. They asked permission to place both foot traffic officers and mounted police officers inside the stadium as a deterrent. Up to this point, University officials knew nothing of this situation, and at no time did they request the assignment of police."

Dr. McClelland's statement said that the decision to call in the mounted police after the goal posts had been torn down "necessarily rested with the police themselves."

"Acted In Good Faith"

The University of Pennsylvania realizes that the police acted in good faith in an endeavor to prevent what they feared might be serious trouble," the statement added.

In summing up Penn's feelings in regard to the disturbance, Dr. McClelland said "the University of Pennsylvania offers its sincere apologies to Princeton university. It was a hard-fought game between friendly institutions which resulted in a well-earned victory for Princeton. Pennsylvania is deeply sorry for the aftermath."

Sports Roundup

By HUGH FULLERTON, JR.

New York, Nov. 5 (AP)—Around the big nine a lot of people are pulling for Ohio State to win the championship and go to the Rose Bowl.

The idea is that it would be a grand sendoff for L. W. St. John, retiring Buckeye athletic director who long has championed the Bowl game.

Ohio was turned down in a formal bid to go to the Rose Bowl in 1944.

Right now the Bucks look like a good bet, off Saturday's Northwestern game, to come out on top of that tough title race. One observer reports that Coach Paul Bixler pulled a greasy Neale on Northwestern, using "T" formation plays until Ohio got inside of the five yard line and then switching to the single wing for greater power to push the ball across the goal.

REVEALING SECRETS

Dick Colman, Princeton assistant coach and scout, gives this as the lowdown on how Princeton beat Penn last week: "We put a 167-pound guard right opposite big George Savitsky—figuring he'd laugh so hard it would cut down his efficiency." . . . And Boston College's Denny Myers plugs quarterback Don Panciera thus: "If three quarters of the coaches in this room left their automobiles with the motors running, the cars likely would go right to Panciera's front door. I know mine would."

SPORTS BEFORE YOUR EYES

Another tip from the Midwest is that two of the Illinois basketball "whiz" kids who are drawing so many raves in pre-season stories won't even make the first team. . . . There will be 1,200 empty seats at Yankee stadium for the Army-Notre Dame game Saturday, but they'll be behind the temporary stands so that nobody who sat in them could see the field. Chances are they could sell them anyway. . . . Ray Flaherty, the football Yankees coach, maintains the Miami Seahawks have improved more in a week than he thought possible—which is good news for owner Harvey Hester, whose club will be at home in the Orange Bowl for six consecutive Monday nights.

Bill Dietrich Is Back With Athletics

Philadelphia, Nov. 5 (AP)—Bill Dietrich, once hailed as one of the greatest schoolboy athletes ever to play football and baseball here, was back today with the Philadelphia Athletics where he began his Major league career in 1930.

The signing of the 36-year-old righthanded pitcher who was declared a free agent by the Chicago White Sox at the end of last season, was announced yesterday by A's

Fuson Is Unable To Play Saturday

West Point, N. Y., Nov. 5 (AP)—Notre Dame's football players and its Legion of faithful followers can breathe a bit more easily today—if anyone breathes easily during the week before an Army-Notre Dame game—with the news that they won't have to face the big fellow Saturday.

"The big fellow, in this case, isn't line-busting Doc Blanchard but Herschel (Ug) Fuson, a 220-pound converted linesman who has been operating with rather devastating force in the Army backfield this fall.

Fuson injured his left shoulder severely in tackling a West Virginia ball carrier last Saturday and the medical officer, Lt. Herman Beazley, said yesterday that "Ug" definitely would not be able to play against Notre Dame this week-end.

NAME MANAGER OF YANKS TODAY

New York, Nov. 5 (AP)—Major league baseball's great off-season guessing contest was expected to end today with announcement by President Larry MacPhail of the New York Yankees as to who will manage the club next year.

Those "in the know"—including everybody from cab driver to sweeper at Yankee stadium—were practically unanimous that Stanley (Bucky) Harris would be named manager.

The names of Charley Dressen, Frank Frisch, Leo Durocher, Jimmy Dykes and half a dozen dark horses also have been bandied about during the past month.

Whoever is appointed will be MacPhail's third manager since the retirement of Joe McCarthy last summer.

Instead of naming a manager when Johnny Feun finished his short term as successor to Bill Dickey last September, MacPhail allowed an aura of mystery to surround the vacancy.

Was Contact Man

Harris was appointed as an administrative assistant to MacPhail on September 10 to act as a contact man between the front office and the team. At that time MacPhail stated "Harris is not considered for any kind of a job on the field."

Harris piloted the Washington Senators from 1924 to 1928, leading them to a world championship in his first season at the helm and to a pennant in his second. Later he managed the Detroit Tigers for five years and in 1933 was manager of the Boston Red Sox.

His National league managerial experience was confined to a short stay with the Phillies during the 1942 and 1943 seasons.

Harris, born in Port Jervis, N. Y., spent his boyhood in Pittston, Pa., where at the age of 13 he left school to work in the coal mines. His first baseball job was as an infielder with the Pittston amateur league team.

BRISCOUSO MAY GO TO BROWNS

Nino Briscuso, star of Mount St. Mary's College and Emmitsburg semi-pro pitching and batting during the 1946 baseball season, has been offered a contract from the St. Louis Browns' farm system. The tall lanky lad from Washington, D. C. is still pondering over the prudence of signing as he would like very much to continue his education at the Mount.

The Browns approached Nino upon learning of his successful season with the Emmitsburg Blue Barons, with whom he won 25 and lost 4 and pulled down a .425 batting average.

Briscuso began his baseball career with Wilson High School in Washington where he played as an outfielder for three years. He was considered for three years. He was considered by many the most valuable player to come out of the Washington high schools in recent years.

Hurled No-Hitter

The Washington Industrial League well remember Nino's masterful no-hitter against Yellow Cab while pitching for Kinsl A.A. as well as his astounding .666 batting percentage.

Shortly afterwards Briscuso was approached by the St. Louis Cardinals but his entry into professional baseball was prevented by his induction into the U. S. Coast Guard, where he served 48 months, acquiring six battle stars during his 28 months sea duty.

While stationed in Honolulu, Nino pitched for the Coast Guard nine establishing a .350 batting average and a 15 and 7, for mound performances. While aboard the Cavalier, he bunched with the well known movie star, Caesar Romero.

Last baseball season Briscuso won his letter both as a pitcher and as an outfielder. Though his record of two wins and two losses does not appear impressive, Mountaineers will always recall his low earned run average and well pitched games along with his potent .425 hitting average.

manager, Connie Mack.

Dietrich remained with the A's until 1936 when he shifted to the Washington Senators. He pitched a no-hit no-run game for the Senators against the St. Louis Browns on June 1, 1937.

Faithful Fifty Agree That Gettysburg Played A 6 To 6 Tie With Pennsylvania In '06

Did Gettysburg college's football team play a 6-6 tie with the University of Pennsylvania eleven on Franklin field way back in 1906?

Ed Pollock, sports columnist for the Philadelphia Evening Bulletin, declares that they did in his report of a recent meeting of the Faithful Fifty, an organization of Gettysburg alumni in the Philadelphia area.

Mr. Pollock reports (October 30) the meeting as follows:

"In 1906, a football game between Gettysburg and Pennsylvania at Franklin Field ended in a 6-6 tie, but last night play was resumed and the boys from the battlefield, now gray and a little stooped, threatened to score again for a delayed victory.

"The 40th anniversary was celebrated at a dinner held by the Faithful Fifty, an organization of Philadelphia alumni of Gettysburg, and at the festive board, the Red and Blue defense almost fell apart.

"In spite of stirring rallies made in speeches by three members of the 1906 squad of 14 players, the score was still tied at the end of the evening. However, so much ground was gained by the speakers that Gettysburg Bill Duncan predicted Penn would be a push-over at the 50th anniversary.

"One of the guests was Dr. Michael M. Bennett, former coach and a Penn star of early 20th century seasons. Dr. Bennett expressed the belief that had it not been for thrilling goal-line stands by two newspaper clippings Gettysburg might have won last night.

"The clippings, one from The Evening Bulletin of October 3, 1906, were play-by-play accounts of the game. They were brought along by Clarence L. S. Raby, one of the three Gettysburg substitutes, and they served to confine reminiscences to factual boundaries.

Players Carried Own Uniforms

The Gettysburg squad left the campus at 6 o'clock the morning of the game, traveled by train and managed to reach this city in time for lunch at the Hanover Hotel on Arch st., after which they rode trolleys to Franklin Field, each player carrying his own uniform.

"Whitey Lambert was the team's quarterback and last night he gave a detailed description of the game. Even after a lapse of 40 years he is the snappy terrier type of signal-caller.

"With much affirmative head-nodding by Bill Pownall, a regular end on the team, Quarterback Lambert told of the T formation, the cross-backs, the tandems-right and tandems-left, the shovel passes and even forward passes of that era.

"As a result of a safety, Gettysburg led, 2-0, at the end of the first half and according to the newspaper accounts, the safety against Penn was the direct result of a poor pass from Bill Hollenback, the Red and Blue center, who later become an all-time great.

"At this late date, Hollenback could charge the recorded error to inaccurate reporting, but would gain little support from subsequent events. Gettysburg was first on Penn's schedule that year and before mid-season had been reached. Big Bill was shifted to fullback where he became famous.

"Forward Passes Aided Penn "Believe it or not, two forward passes (they were legalized in 1906), both received by Izzy Levine, an end, set up the second-half touchdown which put Penn in the lead at 6-2. The ball was carried over the goal line by Eddie Bennis.

"A dropkick by Paul Sieber, who is now a surgeon in Pittsburgh, tied the score. A field goal at that time was valued at four points.

"Dr. Sieber is reported to be one of a few backs who were given honorable mention in Walter Camp's All-American selections that year. Another standout of the game was Heine Snyder, who is regarded as Gettysburg's greatest tackle. Snyder died recently in the La Salle Hotel fire in Chicago.

"Sieber's goal, someone remembered, was from the 40-yard line or was it the 45? At that moment, Raby uncovered the clippings. According to one it was from the 15. The other account said it was from the 25. However, both newspapers agreed the score was 6-6.

Hollenback Praises Sieber

Minisi To Receive Award Third Time

Philadelphia, Nov. 5 (AP)—Tony (Skippy) Minisi, Penn's great back, has been selected as the first player to receive the Maxwell football club's weekly award of outstanding performer of the week for the third time.

Minisi, who was presented the award at the club's luncheon yesterday, won the honor as a Penn freshman two years ago and again last year while playing for Navy. His latest award was for his brilliant play against Princeton last Saturday when Penn went down in a 17 to 14 defeat.

SHIFT BASEBALL MEETING

Hagerstown, Md., Nov. 5 (AP)—The interstate baseball league's November 18 meeting to elect officers has been shifted from Wilmington, Del., to Lancaster, Pa. (Brunswick hotel), League President J. V. Jamison announced today.

"Lambert described the checker-board appearance of the playing area. In addition to the yard lines, the gridiron was marked with lines running the length of the field in compliance with the restrictions on the use of the forward pass in the new rule.

"No forward was legal unless thrown from a point at least five yards out from the center's position. The longitudinal lines were designed to assist officials in making decisions on the legality of the forwards.

"Hollenback was invited to the dinner, but was unable to attend. However, he wrote a letter in which he expressed his regrets and praised the whole Gettysburg team, particularly Sieber.

"What a great football player he was," Hollenback wrote. "I recall him kicking the ball from one end of Franklin Field to the other."

GEORGIA TAKES PLACE VACATED BY PENN TEAM

By BOB GRUBB

New York, Nov. 5 (AP)—It didn't take a recount today to determine the results of the weekly election of college football's two most popular candidates.

Even before the ballot boxes were opened in the Associated Press weekly poll of sports writers throughout the nation, the outcome was certain. Army and Notre Dame had been awarded another of those landslide votes that kept the two teams in the forefront as the people's choices this fall.

The principals in football's national championship classic at Yankee Stadium this Saturday have been up there with monotonous regularity every week but one since this year's poll started. That week the voters put the dark-horse candidate, Texas, over Army and dropped Notre Dame to third place.

Penn. to the surprise of practically no one, lost its hold on third place due to the Quakers' 17-14 upset by Princeton, and skidded to ninth. Penn's former spot at No. 3 was filled by Georgia.

University of California at Los Angeles retained fourth-place and Rice, No. 8 last week advanced to No. 5, with Texas moving up a notch to sixth place. Tennessee went from tenth place to seventh.

Standings of the top ten teams (first-place votes in parenthesis; points based on 10-9-8-7-6-5-4-3-2-1 system):

Team	Pts.
Army (64)	1,176
Notre Dame (51)	1,140
Georgia (6)	920
UCLA (3)	827
Rice	489
Texas	471
Tennessee	711
Georgia Tech	237
Pennsylvania	199
Illinois	159
Second ten: 11-Michigan 149; 12-Ohio State 85; 13-Wake Forest 71; 14-Southern California 63; 15-Wisconsin 67; 16-Oklahoma 65; 17-Northwestern and North Carolina 50 points each; 18-Louisiana State 39; 20-North Carolina State 31.	
Honorable mention list: William and Mary 30; Cornell 20; Delaware 13; Boston College 8; Alabama 6; Muhlenberg 6; Vanderbilt 5; Auburn 5; Tulsa 4; Mississippi State 4; Rutgers 3; South Carolina 3; Arkansas 2; Yale 2; Harvard 1; Miami (Fla.) 1; Oklahoma A. and M. 1; Princeton 1; Iowa 1.	

Sharpsville Rejects Erie Academy Game

Sharpsville, Pa., Nov. 5 (AP)—Sharpsville high school yesterday rejected an invitation from Erie academy high to play a post-season game for the District 10 PIAA championship.

Harry Peely, superintendent of schools for Sharpsville borough, said Sharpsville players already have agreed to play in a benefit game November 15 at Sharon and the school athletic council does not believe they should take part in two post-season contests.

The November 15 game, at Sharon, will match high school stars from Mercer and Lawrence counties, with proceeds to go for boys' work in the two counties.

Hogan Favorite In North-South

Pinehurst, N. C., Nov. 5 (AP)—The \$7,500 North and South open golf tournament opened here today with Ben Hogan of Hershey, Pa., in his usual role as favorite, but the little slugger may encounter some tough competition from a couple of local boys—Johnny Palmer of Badin and Skip Alexander of Lexington.

On paper it looks as if Hogan could win almost without swinging a club. He holds the course record—a 17-under-par 271. He shot a six-under-par 66 in an exhibition here Sunday over the 6,879-yard No. 2 course. And he's on top of the heap for the year in money winnings.

Middle Atlantic Appoints Chairman

Philadelphia, Nov. 5 (AP)—The Middle Atlantic AAU announced today it has appointed Albert Rosenheck of Philadelphia chairman of its track and field committee.

Dr. R. Brewer, Jr., Woodbury, N. J., and Eugene L. Shurk, Reading, Pa., also were appointed to the eight man group, while the following were renamed to the committee: William Rittler, Philadelphia; Earl Sieckinger, Harrisburg, Pa.; Ernest Winterbottom, Egg Harbor, N. J.; Cap Payne, Woodbury, N. J., and John K. Kelly, Philadelphia.

BETTING TURNS AGAINST BAKSI

London, Nov. 5 (AP)—A late shift of opinion in boxing circles today gave Britain's Freddie Mills a nearly-even chance of defeating American Heavyweight Joe Baksi in their 10-round non-title contest tonight.

Previously the odds had heavily favored the bulky invader from Pennsylvania's coal region.

Declaring Baksi—a native of Kulpmont—appeared "lazy and sluggish" in his last workouts, the London Daily Express said he "either is the most over-rate American fighter to have come to England or else he is putting across the greatest all-time bluff."

It was said there was a big turn-about in betting circles, with plenty of money going on Mills despite the fact he lost earlier this year to America's Gus Lesnevich and then to Empire Champion Bruce Woodcock.

Princeton Back Is Out For Season

Philadelphia, Nov. 5 (AP)—Ernie Ransome, star Princeton back, was reported "doing very well" today at University hospital.

Ransome suffered a dislocated hip Saturday shortly after he scored Princeton's first touchdown that paved the way to a 17 to 14 upset over Penn.

Hospital officials said he would be out of action for the rest of the season.

Charles B. Tate has sold out the furniture and fixtures of the Battlefield hotel to Mrs. Ellis Brounreuter, who will take charge of the hotel as soon as the license is transferred.

The new avenue on Culp's Hill is finished and open to travel.

The imported horse belonging to the Biglerville and Bendersville Stock Improvement Company, costing \$2,700, was offered at public sale on Saturday. Only \$100 being bid, he was not sold.

Joseph J. Smith is putting a slate roof on the Methodist church.

Incompetent Police Protection: There was a noisy and unmanageable crowd in Center Square on Saturday night. They started out to celebrate Halloween and allowed whiskey to get the better of them and gave such a display of rowdiness as is seldom seen in our midst.

A bonfire was lighted in the Diamond which endangered the surrounding property and throughout the town there was an interference with private property. The police made a feeble effort to maintain order, but had not nerve enough to make a determined stand. Finally Sheriff McIlhenny appeared on the scene and by his prompt and vigorous action dispersed the mob and restored order at 10 o'clock in the morning.

Many of our citizens want to know what we pay our policemen for.

Water Company Improvements: The improvements now in progress by the Water Company call for special notice and commendation.

Today's Talk

DISTRIBUTION

All public sales have a fascination for me, even though they do sometimes cause a catch in the throat — for there you witness the offering of things once loved by another, but now offered "to the highest bidder." There is distribution, however — someone else gaining the opportunity to love and treasure anew.

Many of my prized books have the signature of former owners, and many of them are marked with lines that suggest how another was impressed, or pleased, with the expression of the author. And there are other books that have been presented by the author himself, or herself, to a friend. The distribution gives joy and happiness to many another.

Whatever we write, whatever information we are able to distribute by word of mouth, is quite the same. Ourselves we distribute. Public libraries, public forums, the newspapers, the radio, and any number of other mediums, result in the distribution of knowledge and valuable information that add to our intelligence and pleasure.

We would not be in the midst of confusion and filled with fear and anxiety, did we have intelligent and unselfish distribution of our goods today. Production and wise distribution are the key to order and universal good will. This is a rich world. There is enough for all. Eliminate the selfish and greedy, distribute impartially, and for the good of all, and there would be a different story to tell.

Most of us are greatly blessed beyond our realization. We should count our blessings more, take inventory of them, and then start distributing them beyond ourselves. That is the way to personal and universal happiness.

The happy folks are those who gain joy from giving, for somehow, a new stream of blessings flow their way. There is a higher law than that of "supply and demand" — the one of giving, so that you may have an abundance. I have a pocket coin that a friend gave to me — it carries the initials of this line: "Lord I Do Give Thee Thanks For The Abundance That Is Mine." A wonderful line to distribute — and so I do!

Tomorrow Mr. Adams will talk on the subject: "Worry."

because when completed they will perfect a plant, which for its size has few equals in the State. Much praise has also been given by the pumping and filtering system by experienced engineers and water men.

But the system of distribution was defective, many parts of the town being without adequate supply and a single line of pipe, liable at any time to accident, being the only source of supply. Aside from the inconvenience through the cutting off of the supply of a large portion of the town during repairs, there was the more serious danger of a break, that would have left the whole town without pressure. All this will be remedied when the present work is completed. The company is working under the advice of an experienced engineer, W. H. Dechant, of Reading.

The improvement will cost between \$9,000 and \$10,000. The work is being done under the intelligent supervision of Mr. John M. Warner.

Personal Mention: Mr. William M. Stouffer, of Spring City, Pa., has been engaged by Mrs. John M. Huber to conduct the drug business.

Mr. Alexander Spangler who has been suffering from an attack of biliousness, has almost entirely recovered.

Mrs. Lizzie Givens, formerly Miss Lizzie Utz, has returned home after an absence of 23 years.

Mr. and Mrs. William Arch McClean were in Philadelphia last week.

Mr. H. C. Picking made a business trip to Philadelphia last week.

ATTACK BRITISH POLICY ON JEWS

Philadelphia, Nov. 5 (AP)—A crowd estimated by police at more than 30,000 paraded through Center City Sunday to Independence Hall, birthplace of American freedom, in a vast demonstration protesting what they termed the "British terror in Palestine."

At a rally in Independence square, thousands cheered as Senator Francis J. Myers (D-Pa.) called upon the United Nations to relieve Britain of its mandate of Palestine and Dr. Daniel A. Poling, pastor at Baptist Temple, declare "there will be no peace until the Jews are given their rightful entrance to Palestine."

Former U. S. Senator Guy M. Gillette of Iowa, who recently returned from a tour of the near East as President of the American League to free Palestine, said:

"The battle of Palestine is the battle of South Africa, the battle of the American revolution, the battle of the Irish Republic and the battle of free men everywhere."

Marchers in the parade included members of the Jewish war veterans, the American veterans committee, AFL and CIO Union, several protestant churches and veterans of Foreign Wars.

Emmitsburg

Emmitsburg—Mr. and Mrs. George Naylor entertained on Wednesday of last week, Andrew Naylor and daughter, Bertha, Mt. Morris, Ill.; Harry Naylor, Aspers; Mr. and Mrs. Charles Naylor, Gadsden, Alabama; Mr. and Mrs. Clyde Naylor, Smithsburg, Md.; Mr. and Mrs. Raymond Hornbecker, Hagerstown.

Mr. and Mrs. George Naylor attended the funeral of Mr. Naylor's sister, Mrs. George Himes at Bendersville, Monday of last week.

Mrs. Charles Pitzer and son, York, and Mrs. Jake Weikert, Gettysburg, visited last week at the home of their parents, Mr. and Mrs. James Arnold.

Mrs. Walter Ohler and nephew, Harold Ray, Baltimore, spent several days the past week at the home of Mr. and Mrs. J. Edgar Mullen.

Mr. and Mrs. Rodney Sneeringer, Littlestown, visited Mrs. Sneeringer's mother, Mrs. Ida Goulden, Thursday evening.

Mrs. Quinn Topper and daughter, Ann Marie, and Mrs. Herbert White spent Friday in Hanover.

Miss Jean Topper, daughter of Mr. and Mrs. Quinn Topper visited in Frederick Friday.

Fred Timmerman, who is a patient in the Annie M. Warner hospital, where he is receiving treatment, is much improved.

Mrs. E. L. Higbee has returned home after spending two weeks in Maine visiting her sister.

Charles Sharrer who has been a patient at the Regional Hospital, Fort Meade, for the past month where he underwent an operation returned to his home on Thursday.

Joshua T. Gillelan, Baltimore, spent the week-end with his sisters, the Misses Ruth and Rhoda Gillelan.

Charles E. Keepers, son of Mr. and Mrs. Charles Keepers, East Main street, returned home Thursday evening after being in the army for 21-months, one year of which was spent in Japan. He is now on a forty-two day terminal leave at the end of which time he will be given his discharge.

Goblins and witches and other eerie creatures haunted the halls of St. Joseph's High school as festivities got under way to celebrate Halloween. It was quite amusing, as well as difficult, trying to recognize classmates attired in their varied costumes. Committees had been formed previously in each class and, as a result, the auditorium was gaily decorated. Refreshments were served and a delightful entertainment was enjoyed by the entire student body.

"Light as It Effects Seeing," was the topic of the illustrated lecture by a guest speaker, Miss Mary Meehan, given at the regular monthly assembly at St. Joseph's high school. "Reddy Made Magic," a movie, told the amazing story of electricity.

At the monthly meeting of the Circle Jeanne d'Arc, at St. Joseph's high school, Rosemary Sanders and Lorraine Willhide presented the life of St. Jeanne d'Arc. Famous paintings of Jeanne d'Arc were illustrated by Vivian Warthen and Lillian Orndorff. Letters of thanks and appreciation received from friends in France, who are grateful to the Americans, were read.

The Louise de Marillac have been busy assembling articles in response to an appeal from headquarters in Paris. Six packages have been sent to the Charity Sales to be held in early November. Proceeds of the sale will be devoted to the works of the associations in France.

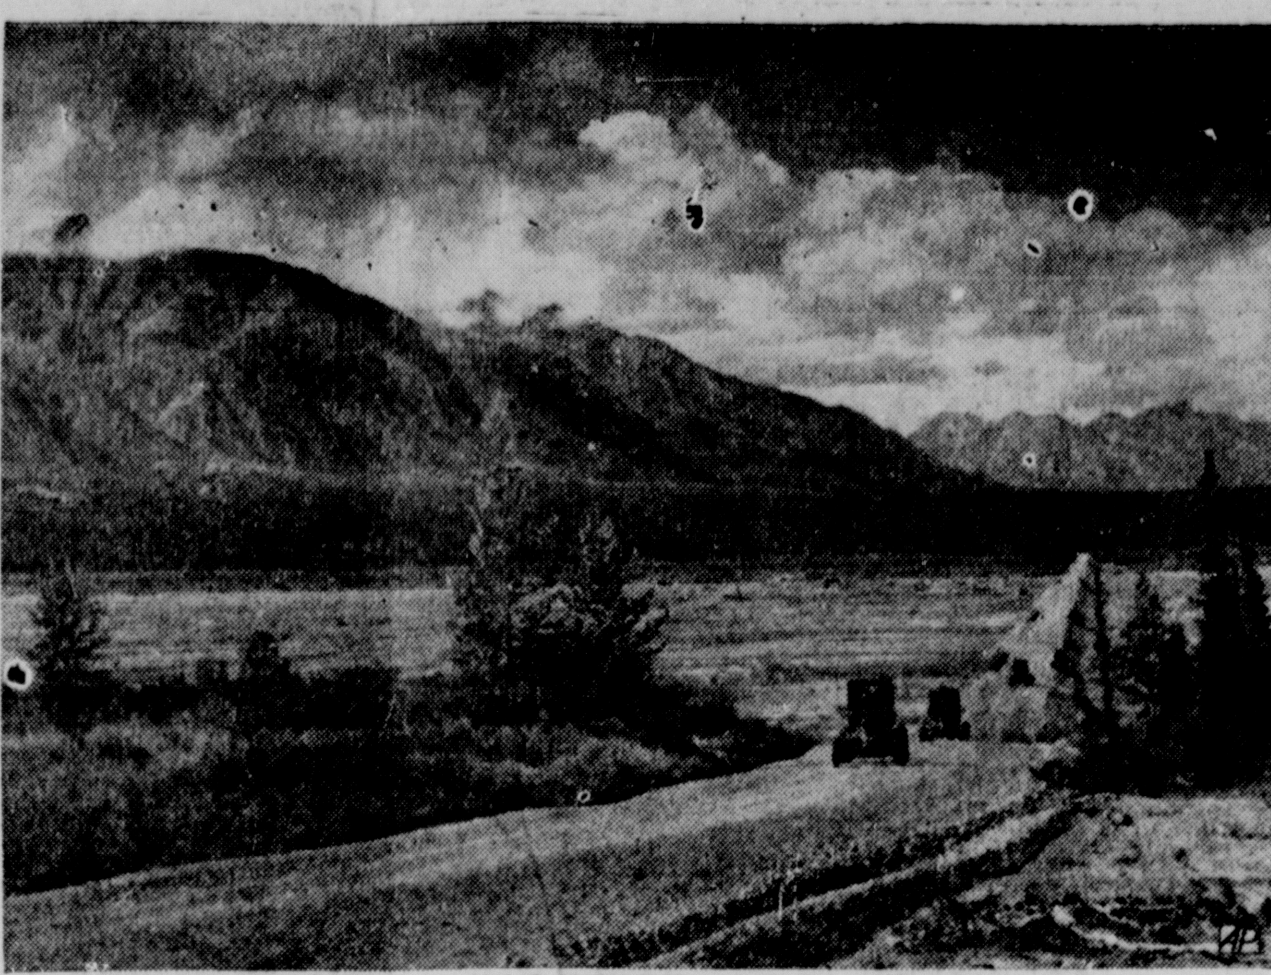

Residents Resent Parking Meters

Coalport, Pa., Nov. 5 (AP)—Residents of this Clearfield county town register their dislike of parking meters in no uncertain terms.

Police report property owners have filled in holes driven in cement sidewalks to receive the metal uprights, and some uprights have been ripped from the concrete walks.

Five citizens have petitioned county court for an injunction to halt installation of the meters which they claim is unconstitutional.

Borough council passed an ordinance providing for the meters August 19.

GRADING ALASKAN HIGHWAY—Canadian Army graders smooth the surface of the 1,600-mile Alaskan highway near the Donjek River crossing. The highway, now open to restricted civilian traffic, was built in 1943 by U.S. Army engineers at a cost of \$125,000,000 and turned over to Canada April 13, 1946, in accordance with a wartime agreement between the nations.

November—Lawn, Garden, Farm 1 to 10—

Plant tulip bulbs at once; be certain the bed is well drained.

Delay mulching operations until the ground is frozen.

Store in a dry place a liberal supply of fertile garden or fence row loam for early vegetable and flowers beds, seed flats and numerous other late winter and early spring uses.

Provide an abundance of seeds, cereal grains and other suitable feed to last friendly birds until April.

If pullets are laying soft-shelled eggs, look to their mineral rations, especially lime and vitamin D.

Add more soil to outdoor burial mounds of vegetables as temperatures drop. See that surface drainage is good.

A few more onion sets may be planted as long as soil and weather conditions permit.

Spade under grape refuse around the vines to reduce insect and disease dangers next year.

Black walnuts and hickorynuts may be planted now or stratified over winter for early spring planting.

Repair stables and poultry houses so that low temperatures need not be combatted by costly grain feeds.

1 to 20—

Gather and burn all refuse on the iris bed to destroy the overwintering eggs of the iris stalk borer.

Investigate the advisabilities and requirements of starting at least a few hives of bees in 1947.

Turn the compost heap and strew a few handfuls of lime over the surface.

Dry air kills or injures more indoor plants than all the insects and diseases prevalent.

Horse bots are easily eradicated after a few days of freezing weather destroys the bot-causing fly.

Pork is an excellent food but under all circumstances it should be cooked well to remove the danger of trichinosis.

Roses may be ridged with soil just before freezing weather is expected to arrive.

Amariyills bulbs may be potted now for indoor winter blooms.

Experiment with a sunny cold-frame seeded to leaf lettuce.

Provide surface drainage for the late kale bed to carry away all accumulating water.

Watch for clothes moths in furnace-heated houses, as these pests may remain active all winter.

Pot a few paper-white narcissus bulbs in bowls of water.

21 to 30—

Bring in a few pots of Dutch bulbs potted in September and force top growth for bloom development.

Band newly planted and all young fruit trees with small-mesh woven wire or other protectors against mice and rabbit ravages.

Spade up a sunny fence row, preferably the southern exposure, for planting rhubarb in early March.

Learn where quail are quartered on the farm and plan to furnish them regular grain feedings when snow covers the ground.

Check over root crops, apples and

other food supplies stored in cellars or basements to detect early rotting specimens.

Look back over the 1946 season of lawn, orchard and general farm activities and then write the editor to ask any unanswered questions that remain.

NOTES ON GROWING FARM TIMBER

Almost every farm in this region has at least a few acres of idle, unproductive land on which timber trees should be growing. One of the main reasons why such areas are not today producing annual cash income for timber is because American farmers have been too long reluctant to look on timber as a farm cash crop. Yet, that is exactly what it is. And thousands of farmers are profitably proving the fact.

One of the chief objections raised against suggestions to start timber plantings is — "I won't live to realize any results." Experience challenges that stand. In fact, on every side are numerous proofs that tree planting begins to yield returns as soon as trees are started.

For example, suppose A and B each has a 200-acre farm in the same community, side by side, with land in similar condition and otherwise of similar sale value. A has 500 black walnut trees growing in a few unused nooks and along fence rows, also a grove of 1,000 black locust trees. These need not be more than 2 years old.

B is one of these objectors — "I won't live to realize any results." He has not planted any trees. His idle farm nooks remain idle.

Both A and B put their farms up for sale. Whose farm is worth the more? And how much more can A get for his farm after his black walnut and black locust trees are 10 years old? Then suppose he plants several hundred more of these and other valuable timber trees each year. His land is increasing in intrinsic worth year after year. It is worth more than B's farm within an hour after the first trees are set out.

There is a wide scope from which tree growers may choose. Of course, nut-bearing trees offer a dual opportunity, especially such valuable timber species as black walnut and hickorynut. Too, most nut-bearing trees root deeply and do not seriously interfere with adjacent crops or pasture. For this reason they are well suited for growing along fence rows.

Black walnut trees are easily started from late fall planted or early spring planted nuts. To grow trees especially for nut crops, grafted or budded stock obtained from a nursery should be set out in late fall or early spring.

Persimmon timber is in wide demand. It is indispensable for many uses where a close-grained wood is required. Persimmon does quite well on thin, worn soils but makes fastest growth in a fairly good loam. The fruits are high in protein content. Seed may be planted in late fall or early spring or nursery specimens set out any time during the dormant season.

Sugar maples also are dual trees —

Littlestown RABBIT SUPPER FOR SPORTSMEN

The Littlestown Fish and Game association is planning its annual rabbit supper for Tuesday, November 26, in the social hall of St. John's Lutheran church. Members having rabbits to donate are asked to bring them, dressed and cut up, to John Peeser's dairy, or to any of the committee, before November 22. The committee in charge consists of Edgar Wolfe, chairman; Charles Lemmon, Stanley Horner, Stanley Weikert, Roscoe Rittase, Milton Harner, Walter Myers, Raymond Reinaman, and Raymond Spangler.

The Christian Endeavor society of St. Paul's Lutheran church met Sunday evening at the church. Albert Stock was the leader in a discussion of the topic "Should We Pray For Our Enemies?" The trip to the Gettysburg Seminary was postponed until November 10. A meeting of the officers will be held Wednesday evening to make plans for a membership drive. A special program will be held for new members on Sunday, November 17.

The Frances Segner Missionary society of St. Paul's Lutheran church will meet Thursday evening at 7:45 p. m. at the home of Miss Edna Basehoar.

The Ladies' Aid society of St. James' church will meet Wednesday at 7:30 p. m. at the home of Mrs. Howard Mehrling, Gettysburg.

Two Killed, 4 Hurt In Head-On Crash

Elwood City, Pa., Nov. 5 (AP)—The head-on collision of a Lawrence county-owned station wagon and an automobile near here Saturday killed two and injured four other persons.

The dead were Mrs. Mamie Sleeth, about 70, of Elwood City, and Charles Shaffer, about 68, Lawrence county employee. The injured were George Sleeth, husband of the dead woman; Mrs. Elizabeth Thornberry, 80, Elwood City; E. C. McCracken, 74, and Bert Dinsmore, 68, both county employees from New Castle.

The county employees were carrying ballots which the county court had ordered reprinted because of a clerical error.

Madrid, Nov. 5 (AP)—A foreign office spokesman denied Monday reports abroad to the effect that Spanish police had arrested 100 persons last night in connection with an alleged plot to overthrow the Franco government. The spokesman said he had been assured by the national police that the reports were entirely unfounded.

producing a good grade of usable timber in addition to the sirup and sugar they offer. There is a widespread need for restoring this fine tree to our farms.

The oaks are, of course, valuable in terms of timber, as are several other hardwood species acclimated to this region.

Dogwoods, like persimmon, merit consideration for their wide demand in particular manufacturing roles.

Black locust trees are excellent for checking surface erosion while growing rapidly into revenue as posts. Few other trees are so easy to grow from seeds, volunteer sprouts and shoots.

Chestnuts of blight-resistant Asiatic strains may be safely and wisely grown even where the disease has exterminated the native chestnut.

Beer Injunction Under Advisement

Pittsburgh, Nov. 5 (AP)—Judge A. Marshall Thompson today had under advisement a second petition of the AFL Teamsters Union for an injunction to prevent beer distributors from handling CIO-delivered beer.

The AFL union is involved in a bitter jurisdictional fight with the CIO United Brewery Workers for control of the state's 12,000 bottling workers, at present under CIO contract.

A previous injunction petition filed by the Teamsters was rejected last week on the ground that grievance machinery in their contract with the distributors had not been exhausted.

Since that time, the Western Pennsylvania Distributors' Association has split into several warring groups, further complicating the Teamsters' plea.

BOOK WEEK TO BE CELEBRATED NOVEMBER 10-16

Adams countians today were urged to participate in the world celebration this year of Children's Book Week to be held November 10 to 16.

John H. Knickerbocker, Gettysburg college librarian, in calling attention to the celebration said that Adams county's school teachers have been asked to have some special recognition of the week which, sponsors hope, will aid in awakening libraries, schools, bookstores, civic groups and parents to the need for more books for more children.

Thirty-nine countries around the world are participating in the week. At the Adams county library book-marks and displays will feature the

THE PROVEN METHOD OF COOKING—Most convenient, easy to use. Nothing complicated about Gas range operation—no need to discard successful methods to learn new ways. Instant lighting of surface burners, immediate maximum heat, perfect control of multiple speeds—just select the heat for the cooking, instead of adjusting your cooking to the heat available. Perfect circulation and continuous control of oven heats—foods are evenly cooked throughout—without being moved. Decidedly the simplest, most certain of all cooking methods.

COMPLETELY DEPENDABLE—Gas service is continuous—a turn of a valve brings instant heat. So perfectly controllable that excellent cooking results can be counted upon with certainty.

MOST ECONOMICAL—No other cooking fuel gives so much for so little. Remember, too, that gas ranges cost less than comparable equipment—require no costly repairs or replacements. And there are no installation complications.

SPEEDIEST COOKING—Surface burners deliver maximum heat instantly—no warm-up period. Ovens attain highest heats faster than any other type.

CLEANLINESS—The clean blue flame of the modern Gas range burner leaves no residue. Clog-proof and rust-resistant, burners can be removed quickly, and without fear of damage, for easy cleaning if necessary.

put GAS TO THE TEST
when planning for your new range

As a cooking fuel, Gas has always been economical and easy to use... remarkably fast and readily controlled to precise temperatures. It's the proven method of cooking. But the Gas ranges now coming on the market utilize these characteristics to far better advantage than ever before. Automatic clock-controlled ovens are a new feature, for example—big, roomy smokeless broilers and a wide choice of smart cabinet styles and appointments are also offered by leading manufacturers.

So, when you plan your new range, be sure not to judge Gas cooking by the performance of an old range. Read these facts—then look at the new ranges. Some new models are now on display at Registered Gas Appliance Dealers, and at your Gas Company office. Shop now for earliest delivery.

Captain White

(Continued from Page 1)

militia attached to the fifth regiment, which bore his name. The troops assembled here, where they camped on "the commons" on East Middle street west of the old Methodist church, the site of the present GAR building, from February 28, 1814 until March 10, of that year, when they began the journey to Erie by way of Pittsburgh.

They reached the latter place on the 12th of April. The entire distance was made on foot. The troops were provided with good tents, but the country being comparatively new and little of it farmed, straw was not to be had, and hemlock boughs were used instead. Notwithstanding the wet weather and muddy roads, the general health of the command continued good, not only during the march, but throughout the campaign.

Captain White, several years after the war, in advertising in the Republican Compiler of September 26, 1827, his qualifications to be sheriff of Adams county, says of himself:

Captured by Indians
"I marched as a captain from Gettysburg on the 10th day of March, 1814, at the head of 110 effective militia volunteers for Erie, was captured by the Indians in the memorable affair of Chippewa; instantly stripped by them to a state of nudity; was run through the British encampment to that of the Indians (and the word run, in the Indian practice, is a severe and merciless ordeal); plundered besides by my savage captors of nearly 300 dollars, my watch, and every other article of value.

"In beseeching the British commander, General Riall, to have my property, particularly my clothing, restored to me, he replied with a sneer, 'whatever the Indians got was legitimate spoil.' I was there retained under guard for three days, in a state of absolute starvation, nor was it until the evening of the fourth day that I drew any rations.

Taken to Quebec
"I was subsequently sent under guard to York (Toronto) Kingston, Montreal and Quebec, and from thence to Halifax, remaining, with my unfortunate companions, as a prisoner of war until the conclusion of peace, about nine months later. Three months of that time I had neither coat, hat or vest, and marched through the principal streets of Canada, where the finger of scorn was pointed.

"I was also charged with being a British subject and threatened to be hanged. At Quebec we were put into the hold of a ship, in which we sailed for Halifax, and in that loathsome and killing situation, we continued three days without any sustenance whatever; and after those three days of starvation also, we were constrained, during the subsequent 18 days, to live upon one-fourth part

of a common soldier's allowance, and that even musty, full of worms and thrown to us in the hold as if to so many dogs; the water too, was perfectly rotten.

"Anything like a minute recital of the mortifications, indignities and hardships which we suffered during our captivity with our insolent and inhuman keepers would be impossible, and tend only to excite unavailing indignation.

War Wrecked Fortune
"The derangement of my private affairs during my prolonged absence, the embarrassment of the times, and the sudden depreciation of property precipitated me down hill from one unfortunate graduation to another, until my pecuniary condition, from being comfortable and prosperous at the period of my embarkment into public service, became worse than nothing. On seeking the situation of sheriff, I respectfully, although reluctantly put forward these eventful incidents of my humble life, confidently hoping that they will secure your cooperation in my favor on the present occasion. On the score of my personal deportment, I trust I have nothing to fear."

The voters of Adams county who paid heed to Captain White's importunities, however, at the election in November of that year were in a decided minority when the ballots were counted. The Centinel records that Philip Heagy was elected sheriff, and White was fifth among the several candidates. Heagy received 1,466 votes and White only 417.

Publishes Book
In this advertisement of his candidacy Captain White sketched very briefly his experiences in the War of 1812 which two years later he embodied and published in book form under the title "History of the

American Troops during the Late War, under the Command of Colonels Fenton and Campbell."

Captain White was taken prisoner, along with Lt. Col. Bull and Major Samuel Galloway of Gettysburg. (The latter became sheriff of Adams county in 1815.) But was massacred by the Indians shortly after his capture. American losses at the battle of Chippewa, where White was captured, numbered about 50 killed and 140 wounded.

Died June 7, 1869
White was released by the British at Halifax on or about March 1, 1815, and returned to Adams county. His claims of adversity seem to be borne out by an advertisement in the Adams Centinel of February 3, 1819, which offered for sale White's farm of about 260 acres in Huntingdon township, adjoining Middletown, with grist mill, saw mill and distillery, a new stone barn and two-story log house, and a nearby ten-acre plot and saw mill, also on Bermudian creek.

Records show that he married Miss Margaret Armstrong of Franklin county, and lived at Petersburg, now York Springs, where he kept an inn. He died on June 7, 1869 in Freedom township, at the ripe old age of 78 years, one month and 28 days, according to the Star and Sentinel of June 11 of that year.

The story of Captain White and his companions during the Canadian campaign and their imprisonment, as written by Captain White himself, will appear in The Gettysburg Times, in installments, beginning in the early future.

ATTRACTIVE JAIL
North Bend, Ore., (AP)—The city police officer isn't quite sure what would be the best thing to do if he arrests a drunk and finds it necessary to give the offender a place to sleep it off.

When the state liquor store's lease expired here recently the city council voted to allow the store to use the jail temporarily.

Train Attacked In Trieste Area
Trieste, Nov. 5 (AP)—Ambuscaders using rifles and hand grenades attacked a special train carrying 500 Italians to Trieste Monday near Monfalcone, but injured no one.

Venezia Giulia police guards on the train chased the attackers through a field and wounded one in the head. Six others were arrested. Their identity was not disclosed.

The Italians were returning from Italian Armistice Day ceremonies at the Italian war memorial at Redipuglia.

The new violence erupted as big power foreign ministers met in New York to decide finally the future of Trieste, which the Paris peace conference recommended be established as an international port. Yugoslavia, with Russian and Slav backing, has claimed the port.

Cancel Meeting
Trenton, N. J., Nov. 5 (AP)—A meeting of the Northeastern Poultry Producers council, scheduled for Philadelphia November 6-8, has been canceled because of the city's hotel strike. Leon Todd, managing director, said yesterday the 2,000 delegates who were to have attended from 13 northeastern states, were notified.

In 1945, 789,000,000 pounds of foods were frozen by industrial processes.

INDIAN LEADERS JOIN HANDS IN MOVE FOR PEACE

By DEWITT MACKENZIE (AP Foreign Affairs Analyst)

India is making imperishable history these days in her search for ways of implementing the independence which Britain has offered her, but one of the most striking developments is the spectacle of Hindu and Moslem leaders joining hands to plead with their peoples for cessation of the bloody communal disorders which have been sweeping Bengal and other parts of the country.

It would be hard to find enemies more bitter than the rank and file of the Moslems and the Hindus, who have been at each others throats for centuries. Through long generations the feud was religious and racial, and when political consciousness arrived the great political parties unfortunately divided on those lines. Thus today the essence of the so-called political disorder is religious and racial—these two things being mainly synonymous in this case.

Tradition has had it that the Hindus and the Moslems never could be brought together. I first encountered this back in 1916 in India, and found the same belief still prevailing during a visit in 1942-43. Indeed so fierce was the hatred between the two religious groups that it took a lot of faith in human nature to challenge that tradition.

Offer Crashes

The British offer of dominion status in 1942 crashed on the rocks of the Hindu-Moslem controversy. And when early this year the new Socialist government of England offered India independence, the project long was held up by the feud. The stalemate was broken only when the British resorted to the daringly arbitrary idea of establishing a provisional government and inviting both sides to come and run it.

Now we find the Hindu and Moslem leaders journeying together from New Delhi to Calcutta to make a joint appeal to communal rioters to cease their strife, which has cost more than 5,000 lives and injured some 13,320 in various parts of the country since July 1. The two Hindu leaders are none other than the famous Pandit Nehru, head of the new provisional government and former president of the All-India Congress (which is predominantly Hindu), and Sardar Patel, another Congress chief. The others are Liaquat Ali Khan, secretary of the Moslem League, and Sardar Abdur Rap Nishtar, also a League official.

One swallow doesn't make a summer, and one incident of this sort doesn't solve India's problem—but it is an encouraging demonstration of at least temporary solidarity. It should be enough to convince even the most skeptical that the Hindus and Moslems can work together.

Leukemia Victim 'Glad To Be Home'

Palmyra, Pa., Nov. 5 (AP)—Attractive Lois Moyer, 21-year-old leukemia victim, is "rather weak, but glad to be home" at her home here today after completing a long bed-fast trip from Hawaii.

She arrived by train from Los Angeles, accompanied by her mother, Mrs. Pearl Moyer, who also was with her on the first leg plane trip from Hawaii to the west coast.

Miss Moyer, a typist for a Hawaii telephone company when stricken with the blood ailment, will stay at her home for another few days, said her physician, Dr. Chester Connors, and then will be taken to St. Joseph's hospital, Lancaster, for treatment.

Our Vanishing Freedom

(Continued from Page 1)

higher salaries and wages than were paid anywhere else in the world. We grew from an infant to a giant in a comparatively short time. We, of course, had our ups and downs, but we always emerged victorious in the end. We always stood at the head of the class when comparing our wealth, enterprise, and progress with those of other countries.

Freedom Stifled

Someone has aptly said, more or less facetiously, that this great land of freedom and opportunity is made up of bath-tubs and automobiles, big cities and small towns, farms and victory gardens, mammoth steel mills and village machine shops, colossal educational institutions and little red school-houses, churches and hospitals, railroads and air lines, chewing gum and ice cream, department stores and cross-road general stores, specialty shops and beauty parlors, pool rooms and race tracks, Hollywood, Broadway, and the high school play, laughter and sorrow, eagerness and despair; and people — millions of all kinds of people, most of whom believe in those cardinal principles of freedom, opportunity, and justice.

But the spirit which made all of the foregoing possible no longer prevails. The individual who wants to go ahead and do things, who, by using his skill and imagination, could create an industry and give countless thousands work at good pay, is frowned upon as a menace to society.

To make more money than his employees is, according to the new economic philosophy, all wrong. The workers are told that those who create and operate large enterprises are just a few individuals who happen to be luckier than their fellows, and that they deserve no more than the worker in the factory or the clerk in the office. They overlook the fact that nine times out of ten the "Boss" was once a mechanic or a clerk, and that he spent long nights over an idea while they slept or were out having a good time. They do not stop to consider that "genius" is one-tenth brain and nine-tenths work.

Use Foreign Code

And so, with this new conception of things thrust upon us by socialistic ideologists, who, by stealth and cunning, are worming their way in-

to our every activity, we fight the very men who give us employment and pay us more for it than is paid anywhere else on earth. We are against our employers because, according to the new code, imported from a foreign country, we are told that we are being made slaves of labor. We forget that the Constitution of the United States gives every man a chance to do what he pleases, and that the measure of his success is bounded only by his initiative and ability.

These theoretical, intellectual reformers would have us forget our individuality, would mold us into a solid, regimented mass of workers clamoring for something that we are not quite sure we want. No American wants to be a flunky, yet that is just what our fellow travellers would make of us. There must be no such thing as individuality. Away with men who dream and plan, and provide employment for millions of people. Ambition, initiative, and free enterprise must yield to bureaucratic direction and control.

Reason For Shortages

Yes; that is what is wrong with America today. That is why we have a shortage of meat and sugar and sufficient clothing. That is why we do not have automobiles and tires and household equipment. That is why we do not have houses to live in. That is why we do not have anything as we have been used to having it. The worker is told that the government, (which means, in the last analysis, those who do work and plan), will take care of him whether he works or not. Because of this, hundreds of thousands of men have been out on strike, while our constituted authorities weave and wobble in the utmost bewilderment and confusion trying to gain an upright position, all to no avail; and this is what we are going to be up against just so long as the worker believes that all he need do is strike and the government will come to his rescue. I believe I am safe in saying that if this paternalism on the part of the government continues, coupled with curtailed production which naturally follows, there will come to pass in this country the very kind of economic situation which the communists want to see materialize. To obtain their objective, the

communists, first of all, believe in the acceleration of human misery. They aim to destroy the existing order so that they may establish their own conception of society. Unemployment, discontent, and hatred afford fertile fields for the enlistment of prospective converts. The communists are adepts in fomenting strikes in key industries, as witness the Maritime Union strike which is international in scope, and subject, particularly, to communistic manipulation. They rejoice in financial panics, rising prices, and all the evils that follow in the wake of economic disasters. They skillfully encourage distrust of democratic institutions. Their technique of

assiliating themselves with so-called liberal movements and political parties, in order to gain ultimate control, is wonderfully clever and effective; and one of their favorite devices is the organization of what is known as a "popular front."

If it were only possible for the average citizen to be made sufficiently conscious of these freedom-destroying termites within the framework of his government and its institutions, I am confident that we could then begin a general housecleaning, and eventually return to our American Way of Life with freedom and justice for all. It cannot be repeated too often that eternal vigilance is the price of liberty,

To Use Ancient Rite To Induct Bishop

Pittsburgh, Nov. 5 (AP)—An ancient Byzantine-Slavonic rite, employing a dead Slavonic tongue of the ninth century, will be used today to consecrate the Rev. Dr. Daniel Ivancho as titular bishop of 300,000 Slav-Catholics in the United States.

It will be the second time in history that a bishop has been consecrated in this country according to the ancient rite developed by John

Chrysostom, the tenth century preacher of Antioch and patriarch of Constantinople.

Father Ivancho, 38, will assume the vestments of titular bishop and condecorator bishop with the right of succession to the most Rev. Basil Takach, apostolic exarch of Ruthenian Catholics in the United States.

In his ultimate position as bishop of the exarchate of Pittsburgh, Father Ivancho will be directly subject to the Pope and will be spiritual head of 300,000 people organized into 183 parishes and missions in 13 states.

'GAG' VICTIM IS RECOVERING

Philadelphia, Nov. 5 (AP)—Seven-year-old Ernest Ulrich, who Detective Harry McCann reported had been tied by a rope to the rear of an automobile and forced to run behind it four blocks before he fell and was battered into unconsciousness, was reported "improved" today.

Meanwhile, four youths were held in \$5,000 bail each on charges of assault and battery by automobile following a preliminary hearing yesterday before Magistrate Joseph H. Rainey.

The youths, who will be given a further hearing Friday, were identified by McCann as James Primo, 20, Anthony Primo, 23, Edward Primo, 18, and Charles Lafferty, 18. McCann testified the youths told him they tied the rope around Ulrich Sunday "just as a gag to see how fast he could run."

Ulrich, whose clothes were torn from his body, attracted the attention of patrons of a riding academy who cut him free and took him to Methodist hospital where he is reported suffering from severe body burns and a possible serious head injury.

BOND SALES TOTALS

Washington, Nov. 5 (AP)—Sales of all three issues of government savings bonds totaled \$519,371,000 during October, making the total for the first ten months of the year \$6,398,155,000.

A treasury report today said that for the Series E (war bond) issue alone, however, October sales of \$326,794,000 fell \$82,741,000 short of cash-ins. A stepped up sales campaign is to begin next Monday.

BIG CROWD AT YORK SPRINGS FOR PARADE

A large crowd was on hand Saturday evening for the annual Halloween parade in York Springs when one of the largest processions ever assembled in that town for a similar event moved over the prescribed route while judges selected winners.

Costumed contestants on foot, floats, automobiles, horse-drawn vehicles, and bicycles, took part in the parade. Ross Koons was master of ceremonies, assisted by Harold Lerew, A. Hanover band and the York Springs high school band furnished music for the marchers. The Lions club of York Springs sponsored the parade. Cash prizes contributed by the businessmen of the town were awarded winners.

List of Winners

In the float division, first prize was won by the Methodist Youth Fellowship group. Second prize was awarded to the Girl Scouts of York Springs, and a group of Dillsburg boys won third prize. Best decorated automobile prizes were won by Dale Grove, first, and Peter Griest, second. Best dressed adult winners were: First prize, Mrs. Freeman Kennedy; second prize, June Byers, Dillsburg; third prize, Gladys Lloyd, Dillsburg. Other winners were as follows: Most comical child: First prize, Charles Rife, Thomasville; second prize, Emma Brinkerhoff; third prize, Joe Allen Sparr, Dillsburg; best dressed child, eight to sixteen years: First prize, Esther Lorry; second prize, Lucille Bubb; third prize, Raymond Schoffstall; most comical child, eight to sixteen years: First prize, Crendon Coulson, Dillsburg; second prize, Ethel Wolf, Alverta Danner and Frieda Donson, all of Dillsburg; third prize, Fred Spertzel, Dillsburg; best dressed child under eight years: First prize, Danny Lerew; second prize, Christy Fissel and Bonnie Woodward, Gettysburg; third prize, Charlotte Taylor; Most comical child under eight years: First prize, Stanley Prosser; second prize, Galen Ryder, Dillsburg; Best-decorated animal-drawn vehicle: First prize, Wayne Saurers, Mt. Tabor; second prize, Claude May; Best-decorated pony or horse and rider: First prize, Janet Haar, East Berlin; second prize, Louis Shellenberger, Dillsburg.

The prize for the most outstanding representation on float was won by the Mademoiselle club. Awards for the best-decorated bicycle and rider went to the following: First prize, Toddy Koons; second prize, Joanne Dick, Dillsburg; third prize, Harold Leer, Marshals of the parade were Paul Miller, Henry Newcomer and Eugene Bowers.

Refreshments were served to the children and hot sandwiches and coffee were on sale.

Postponement On Biddle Decision

West Chester, Pa., Nov. 5 (AP)—A seven-day postponement has been granted by the Chester County Court on a petition filed by Alexander W. Biddle, 27-year-old socialite, for custody of his eight-month-old son, Jonathan William, who, he contends, is "wrongfully withheld" by his wife's parents.

The court said at a hearing yesterday that it had decided to postpone its decision on the petition until November 12 "in the best interests of all concerned."

Biddle, son of the executive vice president of the Philadelphia Stock Exchange, petitioned the court October 28 for writ of habeas corpus, claiming his baby son was "unlawfully" removed from Bryn Mawr hospital last May 8 and taken to the East Brandywine township, Pa., home of his wife's parents, Mr. and Mrs. Gardner Osimms.

Mrs. Biddle, who attended the hearing, told reporters last week that she personally took the baby to her parents' home because she and the child were ill and there was an "inadequate number of servants" at her suburban Haverford home.

Europe Watching Elections In U.S.

London, Nov. 5 (AP)—Europe watched America's elections today with marked anxiety as to what effect, if any, the results might have on the future economy of the world.

Most capitals were in agreement that foreign policy was not at issue and that the only question was the size of Republican gains.

The British press emphasized Britain's immediate interest in economic trends in the United States by featuring as one of the main stories a report that Foreign Secretary Ernest Bevin would call on President Truman to "emphasize the gravity" of the world food situation.

The Paris press gave more space to the closing stages of the American political campaign than to the approaching French balloting for the country's new National Assembly.

LT. COL. KOPP DIES

Camp Lee, Va., Nov. 5 (AP)—Lt. Col. Marlin R. Kopp, 36, commanding officer of the Tenth Quartermaster training battalion here, died unexpectedly Saturday of a heart attack while working in his office, the Camp Lee public relations office announced today. Col. Kopp, a resident of Lebanon, Pa., will be buried there Sunday with full military honors. He is survived by his wife.

Emmitsburg Nine To Dine Thursday

Emmitsburg's top ranking baseball team will be feted Thursday evening at a banquet to be held at 7 o'clock at the Lutheran parish house.

The squad, which won both the Adams county and the Penn-Maryland league titles in one of the longest seasons ever played by local teams, will be entertained by speakers, music and movies at the turkey dinner. The movies, taken by Dr. W. R. Cadle, will show the team in action during games this past season.

Tickets are available to those who wish to attend other than the players, who are guests, and can be obtained at Crouse's drug store or from Charles J. Rowe, the committee in charge announced today. Price of the tickets is \$1.50. Everybody is welcome.

MOVING SCHOOL TO CARLISLE

In accordance with orders moving the Adjutant General's school from its present station at Ft. Oglethorpe, Georgia, to Carlisle Barracks, Pa., the school's first class will open at that station on 14 November 1946. Major General Edward P. Witsell, the adjutant general, U. S. Army, and Col. Lathrop Clapham, adjutant general's department, commandant of the school, will formally open this class.

This will be the first course conducted under the post war plan of education in the Adjutant General's school and will consist of 29 officers who have recently been integrated into the Regular Army, 14 officers of the Chinese army, and six officers of the Philippine army. This course will be of five months duration.

The classes now being held at Ft. Oglethorpe, Ga., will graduate at that place upon completion of their course and will open at Carlisle Barracks during the first week in January.

Lt. Col. Edward P. Nalley, executive officer of the Adjutant General's school, has arrived at Carlisle Barracks to plan and coordinate the establishment of the school there. The first increment of 10 officers and 32 enlisted men and five civilians are due to arrive this week.

CLAY CRITICIZES DENAZIFICATION

Stuttgart, Germany, Nov. 5 (AP)—Lt. Gen. Lucius D. Clay told the German council of state today that the American military government was "thoroughly disappointed" with the German performance in handling denazification.

Unless the Germans improve quickly, he said, the military government will take over the job itself.

The deputy military government of the American occupation zone announced an immediate order that no German who had been removed from office by the military government might be returned to office without military government approval, even though tried and cleared of Nazism by German denazification courts.

It was the sharpest criticism yet made of the provisional German government by military government officials, who last spring turned over to the Germans the responsibility for clearing their own ranks of Nazism in the American zone.

German officials from the three states in the American zone listened in glum silence to the sharp reproof.

Although Clay said yesterday in Berlin he was particularly dissatisfied with denazification in Bavaria, he did not single out any particular state in today's speech, making it applicable to the entire American zone.

Vet Employment Shows Sharp Gain

Harrisburg, Nov. 5 (AP)—Employment has been found for 72 per cent of all discharged veterans in Pennsylvania, the U. S. Employment service figures disclosed today, a "sharp gain" over the 58 per cent recorded six months ago.

The present problem of the employment service is to find women workers, with acute shortages reported at such points as Erie, Reading, Allentown, Bethlehem, Lancaster, Gettysburg, Harrisburg, and Chambersburg.

In the anthracite region there is a large manpower surplus, with unemployment steadily rising, a spokesman for USES declared.

Figures disclose that there are 50,000 unemployed in the Scranton-Wilkes-Barre area and 15,000 idle in the Pottsville section of the southern coal fields.

There is apparently no change in nutritive value of foods due to freezing them.

CO. CAGE LOOP HOLDS SESSION

There will be only eight teams in the Adams County Independent basketball league, representatives of the squads decided Monday evening at a meeting in the Fire Engine house.

And in order to keep the league an Adams county affair, the cagers decided that only men living within a ten-mile radius of Gettysburg can play.

The eight teams in the loop include Fairfield, Biglerville, Seven Stars, Greenmount, Gettysburg Redskins, Gettysburg Commuters, Gettysburg American Legion and Ardentville.

Forfeit money and rosters are due at the next meeting the members decided, with all teams urged to be represented at the session to be held next Tuesday evening at 7:30 o'clock at the engine house.

Games will be played in Gettysburg and Biglerville on Monday evenings and in Fairfield and Ardentville on Thursday evenings. There will be two games on each court, the group decided.

Another Player Dies Of Injuries

Pottsville, Pa., Nov. 5 (AP)—Joseph Lakotsky, 24, a guard on the Shenandoah team who was injured October 20 while playing football against Panther Valley in the Pennsylvania Professional Football league, died yesterday in Locust Mountain hospital.

Lakotsky's death was the second football fatality in the state within 24 hours.

Theodore Misch, 21, of Reading, Pa., died Sunday night of injuries received earlier in the day in a Greater Reading conference game.

Dr. W. T. Leach, superintendent of Locust Mountain hospital said Lakotsky's death was the result of complications induced by the injuries. He explained that the football player had been a patient until last Friday when he was discharged. However, he was readmitted yesterday in a semi-conscious condition.

Former Ball Player Dies While Hunting

Norristown, Pa., Nov. 5 (AP)—John Barthold, 67, a former pitcher for the Philadelphia Athletics, collapsed and died yesterday while hunting at nearby Fairview Village.

Montgomery County Coroner W. J. Rushong said Barthold's death was due to a heart attack. Three of Pennsylvania's four other hunting season fatalities since the start of the small game season last Friday have been listed as heart attack cases.

Barthold, after playing with the A's, was sent to Harrisburg in the Tri-State league but was forced to quit baseball after being hit by a pitched ball at Wilmington, Del. He subsequently became a policeman and rose to the post of inspector on the Philadelphia Police Department, from which he retired in 1931.

Warns Detroit Is On Rebound

Villanova, Pa., Nov. 5 (AP)—Scout Frank Bukowski of Villanova college warned the Wildcats' football team today that the University of Detroit will be on the rebound when the two teams clash Friday night in Detroit.

Bukowski, who scouted Detroit when they barely lost 21 to 20 to Marquette, said the Titans were "the best blocking team I've ever seen."

It was Detroit's second loss in seven games.

First Navy Baby Is Born In Japan

Yokosuka, Nov. 5 (AP)—Robert Dugas, Jr., weight 6 1/2 pounds, is the first navy baby born in Japan.

He is the son of Chief Gunners Mate Joseph and Melina Rita Guas, formerly of 1800 Minnesota Ave., Milwaukee. The Guases live in an apartment on the Yokosuka navy base with their two daughters, Sandra and Penelope, 1 and 2 years old, respectively. Mrs. Guas and the children arrived September 12.

Pittsburgh, Nov. 5 (AP)—A light vote was reported here today during the first hour of Pennsylvania's first important postwar election. However, election officials expected the cool but clear weather would produce a heavier turnout later in the day.

How "HALF BULLETS" SAVED THE LIFE OF DANIEL BOONE

The famous Kentucky pioneer was once held captive by the Indians, in the dead of winter, 200 miles from home.

He was made the tribe's hunter. Each day he was given one bullet only and a single charge of powder, to guard against his escape. But Boone was smart — and thrifty. He stalked the game closer, killed with half-bullets, saved ammunition.

Then one morning he escaped, outracing his pursuers for five days, living on game killed with his half-bullets, and reached Boonesboro.
